## SEMINARS AND WORKSHOPS

- Participated in the workshop on Ethical Hacking held in college on 26 March 2023
- Participated in the workshop on How to create a better interface in Android held in college on 27 March 2023

## INTERNSHIPS

• **Web Development Intern, CODE ALPHA**

July 2023 – 30 July 2023 | Remote, India

- I gained hands-on experience in front-end technologies like HTML, CSS, and JavaScript, enabling me to create responsive and visually appealing user interfaces.
- I honed my skills in utilizing popular frameworks and libraries such as React and Bootstrap.
- Working closely with experienced developers, I learned the importance of clean and efficient code

• **Full stack Development Intern, BHARAT Intern**

10 July 2023 – 10 Aug 2023 | Remote, India

- I gained hands-on experience in front-end technologies like HTML, CSS, and JavaScript, enabling me to create responsive and visually appealing user interfaces
- I've gained proficiency in implementing complex data structures and algorithms
- I've learned the importance of code optimization, scalability, and how to strike a balance between time and space complexity for robust software development.
- I've gained a deep understanding of core programming concepts and their practical applications.
- Additionally, I've honed my ability to translate real-world problems into effective, scalable Python solutions

• **Web Development Intern, CODE CALUSE**

July 2023 – Aug 2023 | Remote, India

- I've honed my skills in responsive design, ensuring that websites function seamlessly across various devices and screen sizes, enhancing user accessibility and experience.
- Through collaboration with experienced developers, I've learned best practices in code organization, version control, and the importance of clean, efficient code for maintainability and scalability in professional web projects.

## PROJECTS

• **Personal Portfolio**

The completion of my personal portfolio website project using frontend technologies was a rewarding and enriching experience. By showcasing my accomplishments, skills, and projects in an elegant and interactive manner

• **E-Commerce Web Page**

The completion of the E-commerce website project using front-end technologies marks a significant achievement in my journey as a web developer. Building a fully functional online platform with a user-friendly interface, dynamic shopping cart, and responsive design has equipped me with valuable skills and experiences

□ **Facebook Clone**

Building a Facebook clone home page using front-end technologies was an enriching and rewarding experience for me as a web developer. The project showcased my attention to detail, ability to replicate complex designs, and proficiency in creating interactive and visually accurate interfaces. By completing this project
