LAVI RAGHAV

Software Developer

✉ lavijiopgamer94@gmail.com   📞 +91 7505510592   📍 Allipur buzurg Chandausi Moradabad, 244001 Moradabad

Education

Schooling
Sacred Heart Convent School, Chandausi
Having too much intrest in coding so only focusing computer science with PCM.

Employment

Software Developer
Dakshit Technology, New Delhi
As a Software Developer at Dakshit Technology, I am a dedicated and results-driven professional with a proven track record of designing, developing, and implementing innovative software solutions. I specialize in technologies like **PHP, Python, Java, Javascript, Sql, noSql, and Frameworks Like Codeigniter and Laravel**
Having A Suitable knowledge for Automation.

Projects

1. **PhotoSizeReducer** - a practical and user-centric online tool designed to simplify image resizing and file size reduction. As the sole developer, I crafted an intuitive user interface that facilitates easy image uploads, allowing users to specify dimensions and reduce file sizes effortlessly.
2. **Automatic Costing** - I conceived, designed, and implemented a groundbreaking costing software tailored for the packaging industry. This innovative tool automates and streamlines the product costing process, providing packaging businesses with an efficient and accurate solution.
3. **BighostLive** - I played a pivotal role in a collaborative effort with a team of 10+ members, we utilized WHMCS to build a robust infrastructure for seamless hosting management. I took charge of implementing custom solutions, including a bespoke payment gateway and multiple PHP modules.
4. **Egraminseva** - My solo initiative in creating an online b2c platform dedicated to Pan Card automation services and mobile recharge bill payments. I designed and implemented a seamless and user-friendly interface that simplifies the process of Pan Card application and renewal
